

Description

Majedie Investments PLC is an Investment Trust listed on the London Stock Exchange. It was founded in 1910, obtained Investment Trust status in 1985, and, from 2014, has been a self managed AIF under the AIFMD.

The Trust owns a 17.2% stake in the asset management boutique, Majedie Asset Management (MAM) having been a founding investor in 2002. In January 2014, MAM was appointed to manage substantially all of the Company's assets. The assets are managed as a segregated fund and through funds managed by MAM including an allocation to an Absolute Return Fund (MAM Tortoise Fund). The Board is responsible for asset allocation between MAM Funds.

Disclaimer

The contents of this fact sheet have been issued and approved on 22 February 2021 by Majedie Investments PLC, which is authorised and regulated in the United Kingdom by the Financial Conduct Authority (FCA) as a self managed AIF. Majedie Investments believes that the information contained on this fact sheet is accurate at the date of publication, but accepts no liability for inaccuracy. It may be changed without prior notice. You should always bear in mind that: the value of investments may fluctuate; past performance is not a guarantee to future returns; the price of shares, and any income from them, can go down as well as up and you may not get back the full amount invested; any tax concessions are not guaranteed and may change at any time and their value will depend on your individual circumstances; the price of the shares in investment trusts is determined by supply and demand and is therefore not necessarily the same as the value of the underlying assets; there is a currency risk when an underlying asset is acquired which is a non-sterling asset; the value of the asset may be offset by a depreciation of the currency of denomination of the asset against sterling, and vice versa; in a building society or bank account your money is highly secure, whereas in a stock market based investment it is exposed to a degree of risk.
